Questions for an individual conversation with your care team.

Ask which type you take and what monitoring it requires. These questions can help you ask for an individual plan. Answers depend on your situation and the people responsible for your care.

Questions to take to my team

☐ Am I taking an anticoagulant, an antiplatelet, or both, and why?

☐ Do I need blood tests, and what should I do about missed doses or bleeding?

For discussion and personal reference. Your care team's individual instructions take priority. For an emergency, contact your local emergency service; do not wait for a community reply.
