Questions for an individual conversation with your care team.

A valve procedure has its own decisions and follow-up. These questions can help you ask for an individual plan. Answers depend on your situation and the people responsible for your care.

Questions to take to my team

☐ What are the reasons for repair versus replacement in my case?

☐ How would each valve option affect medicines, pregnancy plans and future procedures?

For discussion and personal reference. Your care team's individual instructions take priority. For an emergency, contact your local emergency service; do not wait for a community reply.
